

Special Kids in Pediatrics

Resources for medical issues and special needs

A Family-Centered Medical Home keeps you connected

A wide range of community services are available to help families and children with medical issues and other special needs. This list of resources for Special Kids in Pediatrics (SKIP) may assist you in finding the local support and expertise that you need.

Your care coordinator is the point person, keeping track of all your specialists and outside services. We keep all aspects of your care connected and up-to-date.

2 Online Services keep you connected:
www.jeffersandmann.com

Patient Portal
