Dear Future JMA Graduate,

It has truly been an honor to be entrusted with your health care over the years, and we would be delighted to continue providing your care through the age of 21. At your visit today, we discussed the process of transitioning care to an adult primary care provider. Enclosed you will find a list of adult healthcare providers in the area and a medical record release form.

We will continue to provide medical care through your 21st birthday unless you decide to transfer your care sooner. Once you have selected your adult care provider, please let us know whom you have chosen, complete the medical record release form and return it to our practice for processing. We will work closely with you to ensure this transition is made successfully. Please contact our office and speak with a Care Coordinator if you have any questions or would like any assistance preparing for your "Jeffers, Mann & Artman Graduation".

Sincerely,

Jeffers, Mann & Artman Pediatric and Adolescent Medicine, P.A.  
Care Coordinator Team
