### West Cary

5029 Arco Street  
Cary, NC 27519  
919-388-7520 (phone)  
919-388-7521 (fax)

Jeffers, Mann & Artman Pediatrics would like to extend our appreciation for allowing us to provide pediatric primary care to you these past years. However, it is time for your "Graduation"! Our records indicate that you have reached the age when it is best practice to be followed by an adult medical provider.

Our providers, along with our care coordinator team would like to help you in making this transition. The transition will require communication between your pediatrician and your new adult medicine provider so that we can coordinate continuity of your medical care and transfer of your patient records. We have enclosed a list of adult physicians and practices in the area. Should you need additional assistance in the selection process, please call and we will be happy to help you select an adult provider who will meet your individual healthcare needs.

Once you choose your new adult care provider, please let us know. We would like to ensure that your records are appropriately transferred. For your convenience, we have enclosed a medical record release form. By completing and returning this form, you are giving us permission to communicate with and transfer your records to your new provider.

If you are receiving this letter and have already established care with your new provider, we are not aware of your transition. Please either contact our office or complete and return the medical release form so that we can transfer your records.

We will continue to provide medical care over the next 90 days until this transition is made successfully. If you have any questions or concerns, please contact our office and speak with a Care Coordinator.

Congratulations on your "Graduation"! We are honored to have been a part of your medical care through the years.

Jeffers, Mann, & Artman Pediatric and Adolescent Medicine, P. A.  
Care Coordinator Team
